

Report Apis Data

APIS Data

Due to the fact that lots of destinations require **Crew APIS** data, we have made available a simple report (section

Reports > Crew) containing crew details such as:

[Export to Excel](#)

APIS Data Report

Show

- **First name, Middle name & Surname**
- **Gender**
- **Date of birth**
- **Nationality**
- **Travel document type**
- **Travel document number**
- **Country of issue**
- **Date of expiry**

All the above details **must** be inserted into crew profiles to be correctly displayed in this report.

A link to export this report to **Excel** is available in top-left corner of the screen.

In the filter you can insert **crew codes** to narrow down the list of crew and also filter by a **Position type**, plus it's possible to by crew Labels (if previously defined in Phonebook > Labels) and display **deleted users**.
